[Day 7](#) Anchorage (Whittier), Alaska

[Saturday, May 30, 2026](#)

Motorcoach to Whittier and your waiting ship, The Discovery Princess. (B)

[Day 8](#) Hubbard Glacier (Scenic Cruising), Alaska

[Sunday, May 31, 2026](#)

The largest tidewater glacier in North America, Hubbard Glacier measures 76 miles long and plunges 1,200 feet into the depths of the bay. Its immense beauty and phenomenal blue hues are enchanting, even from afar. But it's when your cruise ship draws closer that its towering surface really impresses, dwarfing even the uppermost deck on your ship at a whopping 40 stories high. There, with the snowcapped mountains serving as a glorious backdrop, you'll have a prime viewing spot from which to witness the glacier calving, as it often expels icebergs the size of 10-story buildings-imagine the splash. The area around Hubbard Glacier is also renowned for its wildlife, where whales, harbor seals and otters swim, brown bears, moose and black-tailed deer roam ashore, and a wide variety of seabirds soar gracefully across the sky.

[Day 9](#) Glacier Bay National Park (Scenic Cruising), Alaska

[Monday, June 1, 2026](#)

09:15 AM - 06:15 PM

Princess is one of a select few cruise lines permitted to cruise the pristine waters of Glacier Bay, the highlight of our 7-day Voyage of the Glaciers cruise. Just west of Juneau, this breathtaking national park and preserve boasts some of the world's most spectacular tidewater glaciers, such as Margerie Glacier, which often drops colossal chunks of ice into the sea. Not surprisingly, Glacier Bay National Park and its epic ice giants are part of a UNESCO World Heritage Site comprising Alaska's magnificent park system. During your scenic cruise, friendly Park Rangers will join the ship to share their knowledge of this amazing place. Take in the awe-inspiring scenery as you enjoy an unforgettable day of sailing through this dazzling park, gliding along emerald waters and past calving icebergs.

[Day 10](#) Icy Strait Point, Alaska

[Tuesday, June 2, 2026](#)

06:00 AM - 07:00 PM

Nearby Alaska's largest Tlingit village exists a uniquely Alaskan place - Icy Strait Point. In 1912, the Hoonah Packing Co. built a large cannery one mile north of town. After only five years of operation, the cannery at Icy Strait Point turned out 152,505 cases of one-pound cans of salmon, the largest pack ever achieved in Alaska. Chichagof Island, on which Icy Strait Point is located, supports one of the largest concentrations of brown bears in the world and sightings are common.

In the early 1900s, when gold was Alaska's claim to fame, fishing and timber industries were established in Ketchikan. The growth of these industries helped make this Inside Passage port Alaska's fourth-largest city. Visitors to Ketchikan will be intrigued by its rich Native heritage, which includes the world's oldest collection of totem poles at Totem Heritage Center. Ketchikan, with its abundance of salmon, is also a sport-fishing paradise. Sightseers will be impressed with both the scenic town and its surroundings, especially Misty Fjords National Monument.
